I shall be happy to transfer the bonds to any gentleman who is ambitious to pay the delation of the standard demands in the standard design of the standard design of the standard design.

followed by a statement from a man named Brooks, prepared for the purpose of showing that Bodge in his letter didugit scate the truth. to designie what purported to be an arrount title erganization in 1880 of an association

ing among the laborers, attributable to the pany, and he surrendered the standards out on pany, and he surrendered the stare he had hed as security in the Hope Fornace Association, which does not now exist. The bunds of the Standard (call) output; are the securities which !

transaction, show how desperately the mulicuity semething to cheek the fibe that is running in favor of Binine. In the castern states the ground of this assault norm Blaine has been cut from a ruley the feet of his measures; but the oral gans here in the remote west are controlled by gans kere in the Penote West are controlled by an incandid duliness which prevents them from knowing when they are related, and so doubtless they will continue the stdry as one of the hand therefore sets aside the judgmentiwhich a stock lies of the campaign.

get," in which the management of the asset as the rights of indicinuals. Many of his the chard press is benounced as fractoringly payd, and discretionary and not subject to revision." This is altogether unjust. The asset is an efficiently and the public welfare does not chard press formulas some for democratic as gequire that such an officer should be exempt. cated press formsizes news for denocratic as-well as for republican papers, and is free from partian bias. It has given us quite as much democratic as republican news; it reports (love-land and Hendricks quite as Tully as it does Plaine and Logan. Some may mistake special depatches for associated press reports, but the Steamerd ought not to simplify that blumer. Let estadd, between, that our esterned contemperary is in error in using the expression, "The news we get." It is the inews to get; and

mages of knowing the status of coldic scutter ment in the liferon we any paper to person went-

Report to a Onio to the Talkhelphar I'. Trong essys that the total vote of the state will greentack and scattering we will amount to or 10,0% more than the demounts. This, be it barre i, is a democratic estimate, and it agrees pretty closely with the estimates made by all the democratic papers of the country.

1883 is a smally and warn volors that any triently on the part of the democracs to complete the 10 per cent, reduction in duties recommended by the reput-fixed faith commission to the enthy the repursarian faith contains on to the lasteringress will and angue the prosperity of the rountry. We think this is a mistare. It was conclusively shown by The Oregovian a few days up that the resulting party has never in any rational position, tolerated the idea of any biolar rate of inport duties than is needed to supply the govern end with revenue. The last national platform adopted at Chicago pledges the republicate party to reduce the surplus, not by the units t and unscientific method of a parizontal decrease of duties, by the "se-recting the ine qualities of the uniff," with doe begard to the interests of labor and the rights of regard to the releases in and an ear lights capitil. The reguld can party as a rational organization move stands upon the just and states man like ground that for surplus must be prepented by a rectaction in taxastion. This, which we repeat is: the tro-republican doctrine, has been idearly and st ongly reaffirmed by Hon Amb is a M. Reiney, a republican congression of Boston, in a letter to the Secretary of the Mass jelmsetts revenue reform league. Mr. Imm ey declares himself in favor of a reduction of the revenue to the limits of a wise expendi-ture; is against the abandonment of the excise upon whicky and tobacco; and, in general, for vise a wise reduction of the daties on past (). states with such discinniation, however, as shall seeme the producer of material from noing sacrificed to the manufacturer. He is, a parently, opposed to any scheme for giving such a source of revenue as sugar. My exup such a source of revenue as sugar, by early up and thus making permanent the general high scale of tuffer and, findly, he balleve in "ay using these articles which and termed in ore ermantically the precessities of life, as they

Withink II would be to the advantage of the party if more of its representatives would trice by since position. It is a mistake to represent that tepublican party as, the challing of increasing blight areas. It was defeated two years ago chiefly by ause of the excess ve taxis. it favors needless tryatish. The people this issuence that the days the retend of

inst it favors needless hexatisch. Torging of the government adoption in high the body of the government adoption in high the body of the service scale is so in which how it its response scale is so in which how it its required scale in the property of the state of the property of the property of the state of the property of the property of the state of the property of the property of the property of the state of the property of less go on their year until the attributes which these exponets uphold are destroyed, and the governments become democratic. The power of these emperors reposes only upon armed of these emperors reposes only upon armed the seems in qui to good health an ispirits. force. They won! not retain their crows an bisyonets which surround them. None of the safe-guards of prosperous and contented communities exist in Russia. To talk of filterty there is a mockery, and in Lustria things are non-ty-as to say a word against his master is called an aborthist, and treated as one. In every tilustry, as the valuable statistics recently published by Rudolph Meyer conclusively proye, the workers do not earn even in good times abough to keep then selves and their families in decent health; while if a model to the second health; while it e agriculturists and bound farmers, owing to indebtedness and foreign competition, are in despair. In Georgians all the great cires are in a state of siege, and the champions of the reonle are allowed no rights champions of the people are allowed no rights of free citizens. At any moment they may be hunted from their homes, their meeting dispersed, their newspapers suppressed. In the industrial and agricultural districts the discress is increasing, ir mps are becoming a qualic danger; in Silesia the people are literally dying of sarration. Any self-complacent England is by no means prost cross and secure. If Reissia has her Poland and Germany for Alsa cand Lornine England has her Reland. In all these nations there is a powerful effort to drive dis-satisfaction underground: But as John Hight said, "force is to remedy." Count (avour ort their rights. The myriads of men he guest to be peaceful husbandmen, industripus me-damics, orderly and domestic cilizens with rechanges, orderly; and domestic cilizens to dire-main on the parade ground decicated to the purpose of defending and deficing, so long as harpose or acter my and derving, so long as these emperors en ertain their present it ex of their duties to the r people.

thief Justice Cyley of Michigan thinks he rights of a newspaper to criticise the action of a point are the same as the rights of the public, holi e justi e in Detroit obtained against the few and Tribone in a tibel suit. A police jes-lice is a public offi er with powers wispse expr-From eriticisms or the contrary it is important that public attention should be constantly di-rected to bis conduct, so that he may feel it at he is guarable to poole opinion, for the di ig at not impurial performance of his duces, the afficial conduct. FATEUR WORKING OF TOURS IN 1996

EASTER BY WORKING OF TOURS IN 199 mandless in Scutians, there is a similar cure of representation, while an Ireland the

that the losses to the government under the tule of Van Buren were \$11.75 on every \$1050 collected, and dishersed; onder Tylor it was \$6,40 on the \$180; under Poll it was \$4 08; Figure ii was \$3 55 ind under Buchman ii was \$3 81; under Lincoln ii was ii 4, 76 lecut; on the \$1001; under do ms e) ii was 57 cents; under Grant, eight y a \$, 21 cents on the \$1000, and under Hayes, just eights enths; of one mill on the \$1000. The asses to the government in all the administrations up to June 30, 1881, amounted on an average to \$5, 17 op the \$1000. From in by 1, 1801, to due 30, 1870; the amounted on an average te just 46 cents on the \$1000.

The Nashua Telegraph, one of the foremost of the republican organs in New Hampshire, thinks Yoody Currier, to reput ican candidate, ininas room is too tolk a man toly the an accipitable thief magistrate of the state. The Telegraph says it "may be the right are for the pre-sident of an asylam or the curator of a country, but it is altogether too advanced for a live governor of a wide awake kinte like New Hampshire." Mr. Currier is 78. It would seem that a man ought to win this spans before a string of life, if he is ever going to; and it is probable that the majority of the victers in New Hamps are will express that opinion

It is reported that the West Shore railroad will pass mider the control of the New York Central, its parallel life. This rind has been struggil ig under like if leulties for some time. but there was still app. That, the road might be kept on its feet and the competition continues which has so much increased the reinfort of the traveler through New York state. But this hooks as if it wood all be brought under the same publishes anometr rup, which formerly
